

RUGGED M119S - 1U SERVER

MILITARY-GRADE RACKMOUNT SERVER

The rugged M119S is a short-depth 1U rackmount server built for applications that require speed, reliability, and security. The high-performance M119S is designed to save space without sacrificing power thanks to our SWaP-Optimized design.

- ✓ Ultra-sturdy, all-aluminum chassis
- ✓ Tested to military standards
- ✓ 1U short-depth design
- ✓ Application-specific

RUGGED 1U SERVER

Both the chassis and system configuration can be customized to meet your specific program requirements. Contact Core Systems today if you require further reference material on our testing documents and procedures.
